Statement of Need
This course is designed to address the most recent innovations in endoscopic procedures for bariatric surgery, advanced revisional surgery, metabolic surgery, and the management of weight regain after bariatric surgery. Learners will learn more about the integral role of these procedures in the management of bariatric complications. Learners will discuss the technical aspects of the most challenging procedures with faculty who are experts in their field.

Target Audience
This program is designed to meet the continuing education needs of bariatric surgeons, MIS fellows, general surgery residents, physician extenders, and allied health professionals.

Learning Objectives
At the conclusion of this activity, participants should be able to:

- Describe approaches and technical issues in various bariatric surgery procedures
- Describe techniques for revision of gastric bypass, sleeve, and banding procedures
- Discuss options for patients experiencing weight regain after bariatric surgery
- Explain laparoscopic and endoscopic management techniques for correcting complications
- Identify new and advanced concepts used to treat obesity and metabolic disease

ACCREDITATION
This activity has been planned and implemented by the Duke University Health System Department of Clinical Education and Professional Development and Cine-Med for the advancement of patient care. The Duke University Health System Department of Clinical Education and Professional Development is accredited by the American Nurses Credentialing Center (ANCC), the Accreditation Council for Pharmacy Education (ACPE), and the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing education for the health care team.

CREDIT DESIGNATION
Duke University Health System Department of Clinical Education & Professional Development designates this live activity for a maximum of 11.25 AMA PRA Category 1 Credit(s)™. Self Assessment credits toward Part 2 of the ABS MOC Program are also available. Physicians should claim only credit commensurate with the extent of their participation in the activity.

COMMERCIAL SUPPORT
This CME activity is supported by educational grants. A complete list of supports will be published in the course syllabus.
SUNDAY, JUNE 3, 2018

7:00 AM  WELCOME AND OVERVIEW
Dana Portenier, MD

SESSION I: UNEDITED PRIMARY BARIATRIC SURGERY VIDEOS, AND PANEL DISCUSSION
11:00 AM  Overview of Sleeve Plus Options
Jin Yoo, MD

11:30 AM  Mini-Gastric Bypass Update
Dan Guerrero, MD

NOON  LUNCH

1:00 PM  Loop Duodenal Switch Update
Dana Portenier, MD

2:00 PM  BREAK AND EXHIBITS

SESSION III: SCENARIO BASED BARIATRIC REVISION MANAGEMENT (VIDEO, DATA, DIALOGUE, BEST PRACTICES) ALL FACULTY
9:20 AM  Topics: Obese individuals with GERD, Hernias, and other general surgical problems

SESSION VI: SCENARIO BASED DISCUSSION OF THE INTERFACE BETWEEN BARIATRICS AND GENERAL SURGERY (VIDEO, DATA, DIALOGUE, BEST PRACTICES) ALL FACULTY

ADJOURN

MONDAY, JUNE 4, 2018

7:00 AM  CONTINENTAL BREAKFAST AND EXHIBITS

SESSION IV: INCORPORATING SET POINT THEORY INTO BARIATRICS
8:00 AM  Weight Loss Medications for Surgeons Discussion
Kunoor Jain-Spangler, MD

8:30 AM  Gut Microbiota
Keri Seymour, MD

9:00 AM  BREAK AND EXHIBITS

SESSION V: SCENARIO BASED BARIATRIC REVISION MANAGEMENT (VIDEO, DATA, DIALOGUE, BEST PRACTICES) ALL FACULTY

9:20 AM  Topics: Endoscopic, Robotic and Surgical Management of normal anatomy weight gain/inadequate co-morbidities resolution after primary bariatric procedures

SESSION VII: SCENARIO BASED DISCUSSION OF THE INTERFACE BETWEEN BARIATRICS AND GENERAL SURGERY (VIDEO, DATA, DIALOGUE, BEST PRACTICES) ALL FACULTY
